### ▶ ARRIVAL IN KEFALONIA

#### Transfer to base

The visitor has a variety of options on how to get to the island, depending on where he is coming from. The best way to get to Kefalonia from Athens is to take a flight from Athens International Airport to Kefalonia "Anna Pollatou" Airport. Most Athens to Kefalonia flights run seasonally from May to October (1hr flight). You can reach our base in Sami port by car (40-50 min drive from the airport).

For guests who wish to travel from the mainland port of Kyllini, there are frequent itineraries that connect the opposite shore with the port of Poros (2hrs trip) in the south-eastern side of the island, or the port of Argostoli. By car, Poros is about 26 km from Sami (30-45 min drive).

You can also access Sami port by ferry from the port of Astakos (3,5 hrs trip) in Aitolokarnania or the port of Patra (2,5 hrs trip) in Achaia.

#### Private Transfer

Should you require a Private Transfer, feel free to let us know in advance and we will provide you with quotes from reliable transfer service providers.

A local Taxi Company is also available to help you arrange your transfers: mob. +30 6973 209 467, estimated cost: approx. €60/taxi. In any case our Base Manager is always available to assist you.

#### 03. Technical inspection

Yacht condition is checked with our staff who will demonstrate basic functional / operational features of the yacht and her equipment.

### ▶ CHECK-OUT PROCEDURE

**Yacht should be returned to Base, a day before the end of the charter period, latest by 18.00pm.** To help us be of better service please advise our Base Manager of your **expected arrival time to base, in advance.**

**Upon your return, before entering Preveza port, you should first refill the fuel tank at Preveza port fuel station.** For more information, please ask the Base Manager. Once you are done refueling, you can enter the marina, our staff will be waiting for you where the yacht was moored on the day you departed from the marina.

If during your trip you have noticed any sort of problem or malfunction of the yacht we would be very grateful if you could advise our staff. It is essential to maintaining a high quality fleet of yachts for you, that you provide us with any remarks regarding the function and the condition of our vessels, even minor ones, as we believe that detail makes the difference.

During check-out you are kindly asked to allow our staff to come aboard and inspect the yacht and her equipment; your presence is not mandatory so you will not be wasting any time on this. This inspection is detailed, as we need to assure that the yacht will be in perfect condition, not lacking any inventory, for the following clients chartering her after you. After every charter, the yacht is also inspected underwater by the diver so as to avoid any inconvenience.

### ▶ GENERAL INFORMATION

#### Marina location & services

Sami is a beautiful coastal town located 25.8 km east of Argostoli, the capital of Kefalonia. With a population of about 1.000 inhabitants Sami is the 2nd largest port of Kefalonia after Argostoli and it serves daily trips to Patra, Ithaca and Italy. The modern village is built close to ancient Sami, one of the most important archeological discoveries of Kefalonia. The delightful waterfront, the wide paved streets and the Venetian buildings offer the village a unique charm and reflect the rich heritage of the island. The main coastal road consists of modern amenities, shops and lovely cafes overlooking the busy port. A number of restaurants are found nearby as well as pretty accommodation for all tastes and budgets.
