

## DODECANESE ISLANDS (HALKISLANDS

Chalki has been named after the copper (chalkos) mines that used to exist on the island. Chalki prospered in the late 19th century when the islanders became engaged in shipping and the sea sponge trade. Chalki shared the historical path of Rhodes and the island was integrated in the Greek state in 1948. The island distinguishes for its traditional architecture and the crystal beaches. As tourism is not much developed, it is a perfect destination for some peace and privacy.

## DODECANESE ISLANDS SYMIISLANDS

While approaching the port of Symi, one has the overwhelming feeling of entering a perfectly painted image of a scenic traditional village. As a rule, people remain agape and cannot take their eyes off the spectacular sight. The few who can resist the superb spectacle of the town of Symi stretching its impeccable architecture on the slopes of the surrounding hills, take off their eyes to look at their book guides.

## DODECANESE ISLANDS NISIROS ISLANDS

Nisyros is one of the most beautiful Aegean Islands, yet untouched by tourist growth. According to Mythology, the island was created during the Giganton achy, the battle between the Giants and the Gods. During that battle, Poseido pursued the Giant Polyvotis to Kos, cut off a piece of the island and hurled onto the Giant, thus sinking him into the Aegean Sea for eternit
