To get closer to Lavrion by public transport, you can take the tram from Syntagma or Faliro to Voula and then take a taxi. A taxi ride from Voula will take about 30min. The taxi fare (not pre-reserved) from Athens center to the Port of Lavrion is approx. €65 during day time and €80 during night time (24:00-05:00) per taxi. A Taxi will transfer up to 4 persons, but for ideal comfort no more than 3.

From Athens airport by taxi: If you are heading to the Istion Base straight from Athens Airport then the easiest way to do so is by Taxi. A taxi will normally take 30min to go from Athens Airport to Lavrion. You will easily find taxis queuing outside the airport gates of Athens Airport (El. Venizelos), yet if you face any difficulty finding one, feel free to contact our Base Manager for assistance. Private Transfer

Should you require a Private Transfer, feel free to let us know in advance and we will provide you with quotes from reliable transfer service providers. Please have in mind that the transfer cost will be slightly higher as the drivers also calculate the ride towards the pick-up location as well as any potential delay and whether a night time tariff applies.

NOTE: If you would need to get from Athens Airport to the Port of Piraeus or vice versa, please be aware that there is a direct rail link between Piraeus & Athens Airport via the "Proastiakos" suburban railway. Upon your return and after mooring your boat at the indicated berth in the Port, you will need to refill the fuel tank on spot in the Port of Lavrion. For more information, please ask the Base Manager. Once you are done refueling, you can enter the marina, our staff will be waiting for you where the yacht was moored on the day you departed from the marina.

If during your trip you have noticed any sort of problem or malfunction of the yacht we would be very grateful if you could advise our staff. It is essential to maintaining a high quality fleet of yachts for you, that you provide us with any remarks regarding the function and the condition of our vessels, even minor ones, as we believe that detail makes the difference.

During check-out you are kindly asked to allow our staff to come aboard and inspect the yacht and her equipment; your presence is not mandatory so you will not be wasting any time on this. This inspection is detailed, as we need to assure that the yacht will be in perfect condition, not lacking any inventory, for the following clients chartering her after you. After every charter, the yacht is also inspected underwater by the diver so as to avoid any inconvenience.

▶ GENERAL INFORMATION

Port location & services

Lavrion is located on the southern part of Athens and its port serves ferries to a few Cyclades islands, including Kea and Kythnos and the Eastern-Aegean islands of Lemnos and Agios Efstratios. You will find all services you may require such as shops for provisioning, banks etc. near the port at Lavrion town while our base staff is of course available to assist you finding anything you may require.

Typical itineraries

Lavrion is a picturesque port at the very south end of Attica. Compared to other marinas in Athens area, it offers greater proximity to the Cyclades Islands, making it an ideal starting point for sailing to the Cyclades which you can reach within just 3hrs of sailing from Lavrion. Starting and ending a sailing vacation from Lavrion should best be combined with a visit to the infamous ancient temple of Poseidon at cape Sounion. This important archaeological site lies in close driving distance from Lavrion, it is of course accessible also by sea and aside this great monument itself the view from its location is breath-taking!

Cyclades are a group of Islands lying in the middle of the Aegean Sea. They are world famous for their rough landscape, their traditional white washed houses and windmills, and their endless possibilities for exploring, sightseeing as well as the extremely vivid nightlife found on some of the islands (particularly Mykonos, Ios & Paros). Cruising this area definitely demands skilled sailors as the winds especially during July and August can easily reach force 8-9 N-NW; commonly throughout summer, prevailing winds are of force 5-6 N-NW (Meltemi annual winds). If you choose to sail to the Cyclades area do not miss Paros, Santorini, Mykonos, Serifos & Milos island. When Meltemi winds do not blow, the wind is generally from the South, force 2-3.
